THE HOMESTEAD.

An Act to lay off the Homestead and Personal Property Exemption.

The General Assembly of North Carolina do enact, as follows:

SECTION 1. *Homestead, when and how exempted.*—Whenever the real estate of any resident in this State shall be levied on by virtue of any execution, or any other final process obtained on any debt, such portion thereof as may be occupied by the owner as an actual homestead, and which he may then elect to regard as such, including the dwelling and buildings thereon, shall be exempt from such levy, except under an execution or other final process issued for the collection of a debt contracted.

1. For the purchase of said homestead.

2. For such work and labor done for the owner of the homestead, as may constitute a laborer's lein.

3. For such labor done on the premises as may constitute a mechanics' lien.

4. For taxes accruing on said homestead.

SEC. 2. *Sheriff to summon appraisers.*—Before levying upon any homestead thus owned and occupied, the sheriff or other officer charged with such levy shall summon three discreet persons, qualified to act as jurors, to whom he shall administer the following oath: "I, A B, do solemnly swear [or affirm] that I have no interest, near, or remote, in the homestead exemption of C D, and that I will faithfully perform the duties of appraiser [or assessor, as the case may be,] in valuing and laying off the same. So help me God."

SEC. 3. *Duty of Appraisers.*—The said appraisers shall thereupon proceed to value the homestead, with its dwelling and buildings thereon, and lay off to said owner such portion as he may select, or any agent, attorney, or other person, in his behalf, not exceeding in value one thousand dollars, and to fix and describe the same by metes and bounds.

SEC. 4. *Appraisers to make Return.*—They shall then make and sign in the presence of the officer, a return of their proceedings, setting forth the property exempted, which shall be returned by the officer to the clerk of the court for the county in which the homestead is situated, and filed with the judgment roll in the action, and a minute of the same entered on the judgment docket.

SEC. 5. *The levy to be made on excess.*—The levy may be made upon the excess of the homestead, not laid off according to the provisions of this act, and that the officer shall make substantially the following return upon the execution: "A B, C D and E F summoned and qualified as appraiser or assessor (as the case may be), who set off to X Y the homestead exempt by law. Levy made upon the excess."

SEC. 6. *Appraisers to elect.*—In case no election is made by the owner, his agent or attorney, or any one acting in his behalf, of the homestead to be laid off as exempt, the appraisers shall make such election for him, including always the dwelling and buildings thereon.

SEC. 7. That whenever any resident of this State may desire to take the benefit of the homestead and personal property exemption as guaranteed by article X of the Constitution of this State, such resident (or his agent or attorney) shall apply to any Justice of the Peace of the county in which he resides, and said justice of the Peace shall appoint as assessors three disinterested persons qualified to act as jurors residing in said county, who shall, on notice by order of said justice, meet at the applicant's residence, and after taking the oath prescribed in section two of this act for appraisers, before some official authorized to administer an oath, lay off and allot to the applicant a homestead, with metes and bounds, according to the applicant's direction, not to exceed one thousand dollars in value, and make and sign a descriptive account of the same and return it to the office of the Register of Deeds.

SEC. 8. That said assessors shall set apart the personal property of said applicant, to be by him selected, articles of personality not exceeding in value the sum of five hundred dollars, and make and sign a descriptive list thereof, and return the same to the Register of Deeds.

SEC. 9. That it shall be the duty of the Register of Deeds to endorse on each of said returns the date when received for registration, and to cause the same to be registered without unnecessary delay. The said register shall receive for registering the said returns the same fees that may be allowed him by law for other similar or equivalent services, which fees shall be paid by said resident applicant, or his agent or attorney, upon the reception of said returns by the Register.

SEC. 10. That if any person entitled to a homestead and personal property exemption, die without having had the same set apart, his widow, if he leave one, then his child and children under the age of twenty-one years, if he leave such, may proceed to have said homestead and personal property exemption laid off as herein set forth, according to provisions of sections seven and eight of this act.

SEC. 11. That when any person entitled to homestead and personal property exemption, shall file his or her petition before a justice of the peace, to have the same laid off and set apart under the provisions of sections seven, eight, nine and ten of this act, the said justice shall make advertisement at the court house door of the county in which the petition is filed, notifying all creditors of said applicant of the time and place when and where the said petition will be heard; and the same shall not be heard, nor any decree made in the cause in less than six months nor more than twelve, from the day of making advertisement as above required.

SEC. 12 *Appraisal of personal property.*—Whenever the personal property of any resident of this State, shall be levied upon by virtue of any execution or other final process issued for the collection of any debt, and the tenant, or any agent, or attorney in his behalf, shall demand that the same, or any part thereof, shall be exempted from sale under such execution, the sheriff or other officer, making such levy, shall summon three appraisers as hereinafter provided, who, having been first duly sworn, shall appraise and lay off to the judgment debtor such articles of personal property as he, or another in his behalf select, to the value of five hundred dollars, which articles shall be exempt from said levy.

SEC. 13. *Return of the same.*—Return shall be made of such appraisal and setting off of personal property, in the same manner as is required in section four of this act, upon the laying off of a homestead exemption.

SEC. 14. *Who are to be Appraisers.*—The persons summoned to appraise the personal property exemption shall take the same oath and be entitled to the same fees as the appraisers of the homestead, and when both exemptions are claimed by the judgment debtor at the same time.

SEC. 15 *Tracts not contiguous, Included.*—Different tracts or parcel of land not contiguous, may be included in the same homestead, when a homestead of contiguous lands is not of the value of one thousand dollars.

SEC. 16 *Costs, how Charged.*—The cost and expenses of appraising and laying off the homestead or personal property exemption, when the same is made under execution, shall be charged and included in the officer's bill of fees upon such execution or other final process; and when made upon the petition of the owner they shall be paid by such owner and the latter cost shall be a lien on said homestead.

SEC. 17. *Liability of Officer.*—Any officer making a levy, who shall refuse or neglect to summon and qualify appraisers as heretofore provided for or who shall fail to make due return of their proceedings, or who shall levy upon the homestead set off by said appraisers or assessors (as the case may be) except as herein provided, shall be liable to indictment for a misdemeanor, and be and his sureties shall be liable to the owner of said homestead for all costs and damages in a civil action.

SEC. 18. *Liability of Appraiser.*—Any officer or appraiser or assessor (as the case may be) who shall wilfully or corruptly conspire with any judgment debtor, or other appraiser, or assessor (as the case may be) to undervalue the homestead or personal property exemption of such debtor, or shall assign false metes and bounds, or make or procure to be made a false and fraudulent return thereof, shall be liable to indictment for a misdemeanor, and shall be answerable to the judgment creditor for all costs and damage in a civil action.

SEC. 19. Any officer or appraiser or assessor who shall wilfully or corruptly conspire with any judgment creditor, or other appraiser, or assessor, to overvalue the homestead or personal property exemption of any debtor or applicant, or shall assign false metes and boundaries, or make, or procure to be made false and fraudulent return thereof, shall be liable to indictment for a misdemeanor and shall be answerable to the party injured for all costs and damage in a civil action.

SEC. 20. *Judgment creditor dissatisfied.*—If the judgment creditor, to whom the levy is made, or judgment debtor, or person entitled to homestead exemption, shall be dissatisfied with the valuation and allotment of the appraisers or assessors (as the case may be) he may, within ten days thereafter, or any other judgment creditor, within six months, and before) sale under execution of the excess, notify the clerk of the township thereof, and file with him a transcript of the return of the appraisers or assessors, as the case may be, and thereupon the clerk shall notify the other trustees of the township to meet him, at a time specified, within ten days, on the premises, to reassess and allot said homestead. At the time specified the trustees shall meet on the premises and having first taken the oath prescribed for appraisers they shall view and examine the homestead laid off, and make their report as required in section 24 of this act.

SEC. 21. *Who disqualified to act as Appraisers.*—If any trustee, or any person summoned as an appraiser, shall be related by blood or marriage, to the debtor, or judgment creditor, or shall be a party in interest, in any action against the former, he shall be disqualified to serve in the valuations of the homestead or personal property exemptions, and another person qualified to act as juror shall be summoned and qualified in his place.

SEC. 22 When the homestead or personal property exemptions is made or reallotted on the petition of the person entitled thereto, the township trustees shall make their report as required in section 20 of this act, to the register of deeds, specifying what changes, if any, they have made in the former valuation and allotment, who shall register the same, as required in section 9, and when said homestead and personal property exemption is made, or reallotted, under execution by a judgment creditor, the township trustees shall make said return to the clerk of the Superior Court, who shall file the same and make a minute thereof on the judgment roll and the execution docket.

SEC. 23. *Cost of re-assessment how Paid.*—If the board of trustees shall confirm the former appraisal, or shall increase the exemption allowed the judgment debtor, the dissatisfied party shall pay the costs; if the excess remains, and the judgment creditors shall pay all costs of the re-allotment. If they reduce the amount allowed the judgment debtor, the cost shall follow the execution and the levy shall cover the excess then remaining.

SEC. 24. *How Executed.*—Any appraisal or allotment by the trustees of a township may be set aside, on application of any party interested, for fraud, complicity or other irregularity. The proceedings shall be upon petition, as in other special proceedings, and the applicant shall give bond to the opposing party for costs and damages.

SEC. 25. *Fees.*—The following fees and no other shall be charged in this proceeding: Each appraiser for laying off homestead or personal property exemptions, or both, one dollar; officer for summoning and qualifying appraisers and delivering returns to clerk, one dollar, clerk of Superior Court, for filing return and entering minute on execution docket, 25 cents; for making transcript for township clerk when required to do so, 50 cents; township clerk for transmitting question, 50 cents; township clerk for transmitting return, 25 cents.

SEC. 26. *Acts repealed.*—All acts or clauses of acts inconsistent with this act, or providing other means for the laying off of a homestead or personal property exemption, are hereby repealed.

Consolidation.

While in Newbern we had too little time to keep our readers posted on all we saw and heard.

The meeting in the grove was not exactly what we expected—too many negroes occupied the benches, and too few of the solid men took part. It is true the meeting was presided over by that peerless jurist and gentleman, Judge Mathias Manly; that the committee of arrangements did all that was necessary to make it successful, and the speakers were eloquent and in earnest; but still we felt that the meeting did not accomplish all that was expected or desired.

We were much pleased with our visit; never more handsomely entertained or more hospitably received.

The road from Goldsboro to Newbern is most admirably managed, and is fast recovering from its prostration. Mr. Stanly makes a good officer, and Capt. Richardson is one of the most obliging and attentive conductors we know.

We went to Morehead City, and to Beaufort, and sailed over its smoothe, deep and capacious harbor, and in the mind's eye saw the sails of all nations flapping in the breeze and the ships riding safely in its splendid port; on the shore and in full sight of the breakers a busy, bustling, active, commercial city arise—all the result of consolidation, and a judicious management of our internal resources.

Why is it that any North Carolinian opposes this scheme? There is but one answer to the question, and that is too humiliating to be written.

We trust, in this instance, the present occupant of the gubernatorial chair will use his power as to secure the State's interest in favor of this great State measure. We can forgive him much in the past, if he will only prove himself disinterested and true to North Carolina on this vital question. For the sake of right and justice, do not permit this great artery to be sold to persons who will run it only in the interest of Norfolk and Baltimore.

Consolidate these roads and North Carolina at once assumes her true position in the commercial world.

This city is not much interested in this question; she soon will have a much nearer connection with a North Carolina sea-port, and therefore it is only the pride and interest we feel in the future growth and prosperity of the State that induces us to write this article.

HOPES AND FEARS—*Miss Younge.*—*Messrs. Wade & Gwinnels, Charlotte, N. C.*

The admirers of "Heartease," "The Heir of Redclyffe," "The Clever Woman of the Family" and "The Chaplet of Pearls," will welcome with delight a new work from their ever popular writer, who seems to possess the faculty of charming all ages and colors.

There is a purity in all she writes which especially commends her works to women and the young, while her graceful style, acquaintance with society and the finished and idiomatic English in which she clothes her thoughts, makes them acceptable even to scholars.

In her present novel, one finds the same characteristics that have made her other works so universally popular in England and this country.

The volumes are very handsomely got up, and we recommend them as both excellent and agreeable.

A TWENTY ACRE COTTON CROP.—In the June *Cultivator*, David Dickson says:—"The 3d of May I commenced the twenty acre lot and finished the 10th of May; commenced planting the 7th of May; turned under a fine coat of green manure; used 800 pounds of my compound per acre. It made thirty-two bales—the last one being a bag and a half, and paid a dividend on $4,000 per acre, after paying all expenses and improving the capital ten per cent. on what it would sell for, but as I wish to be fair, I will state the sale of the seed increased the net dividends two-thirds or more, but the lint alone paid a net dividend on one thousand dollars or more per acre."

They still have snow two feet and a half deep in the northern part of Maine.

Political Emigration.

Here and there, throughout the State, are Southern men who have formerly had some social and political character, who have embraced Radicalism, and doubtless have had some influence in deceiving and frightening the few native whites into the party who have heretofore united with them. If we, says the Wilmington *Journal*, could find one who neither holds an office nor has attempted to obtain one through the desertion and betrayal of his former friends and associates, we might have some little respect for his honesty if not for his judgment. But, so far as we can now call to mind, there is not one who was qualified by his education and association to fill the duties of an office who has not been elected or appointed to one or two, or more, or who has not sought a score. Of all miserable subterfuges to get into office the North Carolina scalawags have resorted to the most contemptible and shallow. Their avidity to be rewarded for their political perfidy and desertion has been as graceless as it has been dishonorable. We have a pity for the poor creatures who sold their birth rights for a mess of pottage, and have apologized for the most honorable records of their lives before debased and unappreciative negro audiences in order that their dishonor might purchase a livelihood which their indolence and worthlessness failed to procure.—We have a contempt for the ambitious North Carolinians who have triumphed over the misfortunes of their brothers and won place and pelf from strangers and negroes by self-debasement and by a sacrifice of self-respect.

Is there a prominent North Carolinian who has embraced Radicalism and who is not to-day in possession of his reward, or grumbling because he has failed to receive it? If any let him speak, for him have we offended. Is there no exception? Is there not one with the modesty and the semblance at honesty enough to defer his claims until a decent season of mourning and probation have passed? How can we expect men who never having mastered the legal alphabet, have the effrontery to don judicial robes; without experience, knowledge or honesty take charge of public funds; without the commonest rudiments of education act as clerks and sheriffs; without qualifications, moral or social, accept any and every office within their reach, to hesitate to pocket the price of their shame from any compunctions of conscience or from any fear of exposure.

These men have, indeed, purchased paltry and temporary positions, but they have obtained them through infamy and disgrace. While in authority the people will respect the office if not the officer, but when the tidal wave of despotism shall have swept by, and political and social affairs shall have recovered their equilibrium they will go forth detested alike by those whom they have deserted and those by whom they have been purchased, and will have no good grounds on which to found a protest against their self-imposed obliquity. It gives us little pleasure to announce the names of some men whom we formerly respected as having received at the hands of deluded negroes, or by Executive favor, a position in the State government. It is the stigma of disgrace which will cling to them and their children for generations; the recorded evidence of their cowardice and covetousness in the hour of defeat and misfortune—the miserable token of the approval of the destroyers of their own and their fellows liberties.

Holden, estimating character by his own standard, is using his power of appointment to office and his influence with President Grant as the lever by which to overturn the political fabric of the State, and give his party a local habitation among the whites. He is dispensing his favors with a view to clinch new converts or to win the wavering. He will doubtless succeed to some extent. Men have been purchased before and will be again, but allies procured by such means have neither injured their former friends or proved profitable to their new ones. He is welcome to such recruits, and we will gladly give him battle, our forces strengthened and inspirited by the tried courage and confidence of our welded ranks.

For the Times.
AN APPEAL.

An appeal is hereby made to the Trustees of the University of North Carolina, who are to meet at Chapel Hill on the 10th of June. We hope the papers of the State will give it circulation.

The attention of the Trustees is called to the fact, that the public understood that the present session of the University was to be an experimental one, and that the appointments of the present Faculty were *provisional*. The people of Chapel Hill and its vicinity, though greatly confounded when the appointments were announced, earnestly deprecated any criticism or prejudgment of them in the public press, and in fact, took steps to prevent it, so that the trial of their acceptability might be fairly and freely made. It is to the pecuniary interest of Chapel Hill that the College shall succeed, and it is a matter of utter indifference to the people of the town and country what the political bias of the members of the Faculty may be, provided they are able and popular teachers.

The trial has been made, and the present officers have proved to be so utterly distasteful and unacceptable to the people of the State that with every attempt to conciliate patronage in the past session, but two students have arrived there, and they are relatives of Mr. Pool. One other student is associated with them in college, a resident of the village, and five or six smaller village boys attend at the buildings as at a preparatory day-school.

The Trustees are now expected to act upon these indications. One of the fundamental principles connected with the establishment of the University was, that no party bias should be allowed to have sway there, or influence the appointment of its officers; and the people of the State have a right to require the Trustees to act upon this principle, and give us a President and Faculty such as all may rally around, and thus enable us to renew and sustain its former reputation and usefulness.

We would put *Mr. Pool* into one scale, and the *people of the State* into the other. What claim has he upon the State or the Institution, that he should be set up in opposition to the judgment and wishes of the very people who are to sustain the College, and whose property is taxed to pay its officers? With what face can any of that Faculty retain their seats there, in the teeth of such emphatic public disapproval as they have received—Mr. Pool's pretensions to fill the President's office only excite derision in the minds of those who know him; his pretensions to public consideration and deference are lighter than vanity, and even were they in any degree considerable, should be thrown to the winds when brought into conflict with the welfare of the youth of our country. As a political partisan, Mr. Pool has had his reward far beyond his merits. He now enjoys an office connected with the collection of government taxes, supposed to be worth $5,000 per annum. His two brothers-in-law have each an office in his Bureau worth $1,500 a year, and his *mother-in-law* enjoys the profits of an office worth $1,000, (the profits of which as she is incompetent to do the work, she shares with a person who can do the business.) Thus, one little club of a family have paid to them in the neighborhood of $10,000 per annum to the exclusion of other persons in this section, and Mr. Pool must also have his vanity tickled by being seated in the President's chair, to the ruin of the Institution, as well as have his pockets filled with a lavish government salary wring from a hard-working and prostrate people.

When the Trustees come together if Mr. Pool should be able to show that under all the pressure he can bring to bear the next session will be able to start with 20, 30, or even 50 students, even on this extreme calculation, he and his Faculty will be a dead loss to the State. This College if properly officered would command at once 100, or 150 students, and eventually, would no doubt regain its former prosperity. To continue this Faculty there, as a further experiment will be a grievous wrong, and an outrage upon the people of the State and of Chapel Hill.

Those citizens of Chapel Hill who have bought property there under the pledge of the State that the University should be sustained, have suffered very great loss by the recent action of the Board of Trustees. At the beginning of this year, some few thought or hoped that even under present management the College might go on, and sales took place at something like former prices. Within the past few days property that cost $2,500 has been sold at $500, and persons of good judgment, acting under oath, have appraised property at $1,000, that was formerly valued at $3,500.

The property holder of Chapel Hill finds himself seriously embarrassed, for with no way of making a living there, he is unable to get any price for his property to enable him to start elsewhere. Besides, the people of the vicinity and surrounding country are becoming impoverished and discouraged for want of a market. Chapel Hill was once one of the best ready money markets in the State for small farm produce.

We appeal to the Trustees of the University to interfere for the public good, and let us have men there as teachers who shall command patronage and confidence. A President whose reputation as a scholar and teacher is beyond criticism, and a Faculty that a man of reputation will be willing to be associated with. Let something besides the fact that they will sustain this or that political party, be considered in the appointments.

Home Questions for the Sickly and Debilitated.

Is it worth while to endure penal torture after every meal, when indigestion can be immediately relieved and permanently cured by so agreeable a remedy as HOSTETTER'S STOMACH BITTERS?

Does it pay to be compelled by debility and languor to abandon active business, when brain, nerve and muscle can be braced up, and the whole system restored to a healthy condition, by a course of HOSTETTER'S BITTERS?

Why approach the dinner table daily with a positive disgust for all that is savory and delicious, when a vigorous appetite for even the plainest fare is created by the use of HOSTETTER'S BITTERS?

Is it wise to live in this bright world as if it were a dungeon, gloomy, discontented and miserable, when the worst case of hypochondria can be cured in a week by such a pleasant and wholesome exhilarant as HOSTETTER'S BITTERS?

Can it be possible that any person of bilious habit will run the risk of remittent fever or bilious colic, when he can tone and regulate the great secretive organ with HOSTETTER'S BITTERS.

Is it not a species of moral insanity for any merchant, farmer, mechanic, or traveler, to be without the best known antidote to the effects of poisoned air and impure water, HOSTETTER'S BITTERS?

Considering the harrasing and depressing nature of the functional derangements to which woman is subject, is it not astonishing that any invalid of the feebler sex should hesitate to seek the certain relief afforded in such cases, by the genial operation of HOSTETTER'S BITTERS?

These are questions of deeper interest than any of the political dogmas of the day, and those whom they concern are invited to give them something more than a passing thought.

SUMMER EXCURSION TICKETS.—It seems that the authorities of the N. C. R. R. have consented to enter into the arrangement with the W. & W. R. R. for the sale of tickets to excursionists at a reduced fare to High Point, Salisbury and Charlotte.—*Wilmington Journal.*

CITY BONDS.—We saw on yesterday, a number of the new City bonds, $500 each, having the likeness of His Honor, Mayor Harrison, engraven upon them. They are very neatly gotten up, and we hope they may be disposed of at a higher price than the State Treasurer sold our State bonds at. But, higher or lower, our citizens will have finally to foot the bill.—*Raleigh Sentinel.*

Capt. Plummer of the W. C. & R. R. informs us that about one week ago, lightning struck the barn of Pressly Stanback, near Little's Mills, Richmond county, and killed two men, one white and one colored. At the time, there fifteen men in the barn.—*Star.*

THE CROPS.—So far in this section of country the crops are promising—the wheat crop especially, gives evidence of an abundant yield. It is well headed, and comparatively free of rust and smut. Corn is small, but looking well.—*Salisbury Exam.*

DEATH OF DR RUSH.—Dr. James Rush, so long and so well known in Philadelphia, died on Wednesday. Dr. Rush belonged to a family whose name became historical in the early days of the Republic. His father Benjamin Rush, was one of the signers of the Declaration of Independence, and his brother, Hon. Richard Rush, was Minister to England and France, and Secretary of the Treasury. Dr. Rush was a physician in his early career, and, among other professional works, was the author of a standard authority on the "Human Voice." He had been seriously ill for only a few weeks past. He was in his 84th year. It is understood that Dr. Rush has left the greater part of his estate to the Philadelphia Library Company, including a whole block of ground on South Broad-street, between Christian and Carpenter, on which he proposes the erection of a magnificent building.

TO GROW SALSIFY or oyster plant properly, the seed should be sown in drills, in early Spring, be thinned out to regular distances of four to six inches, and receive cultivation enough to keep the weeds down all Summer. As vegetables are abundant during the fall, it is left in the ground all Winter, receiving no damage from frost, and is dug in Spring as soon as the ground can be worked. The roots average ten inches in length and an inch or more in diameter. After washing and cleaning, it is cooked by cutting across in thin slices and steaming with milk and butter.

A LIBERAL DONATION OF SEEDS.—At a recent meeting of the New York Fruit Growers' Club it was announced that Mr. Thomas McElroy, European Seed Gower and Importer, 35 and 37 Park Place, New York, had donated to the Society a large quantity of garden seeds of the best varieties of Vegetables, such quality we scarcely see in the Southern States, of the value of $3,225 for free distribution among the gardeners and horticulturists of the South. The munificent gift of Mr. McElroy's will be highly appreciated by the people of the South, not so much for its intrinsic value, as for the unsolicited way in which it was presented.

Mr McElroy will issue during the present month a Supplementary Price List for circulation in the South. As he is endeavoring to introduce a pure and genuine seed in the Southern States it would be mutually advantageous for Agricultural and Horticultural Societies to place themselves in communication with him.

CHEERING SUCCESS.

LARGE DIVIDEND OF INSURANCE.

The Piedmont Life Insurance Company, of Virginia, has

DECLARED A DIVIDEND OF

FORTY PER CENT.

on its Life Policies, which have paid two annual premiums, and the same is available on such policies at next renewal to absorb loans, or reduce cash payments.

The dividend could have safely been larger, but with the

PRUDENCE AND CAUTION

which has ever guided this company, it has deemed it proper to hold a surplus beyond the reserve fund.

The company is now only in the eighteenth month of its active operation, &c.

HAS ISSUED 3,000 POLICIES

which is a success really remarkable, and far ahead of any company of like period in America or Europe; while its handsome dividend shows the economy of its administration, and the

ITS SUCCESS.

THE BALTIMORE
PARLOR HEATERS,
COOKING STOVES,
COOKING RANGES,
HOT-AIR FURNACES, &c
S. B. SEXTON'S CELEBRATED
PATENT BALTIMORE PARLOR HEATERS AND GAS BURNERS,

for Anthracite or Bituminous coal, have been in successful operation for the last ten years, and have proved to be the best Fire-place Heaters manufactured and put in operation. They are getting to be generally used, often in the place of furnaces, for heating halls, and upper stories of dwellings, and offices. Two of these Stoves heating the largest dwellings, and besides, are quite ORNAMENTAL and ILLUMINATING, having all the beauty and cheerfulness of an open grate fire, but are more ECONOMICAL, CLEANER, and RADIATING A LARGER AMOUNT OF HEAT. We can refer to thousands of families who have them in use.

We manufacture our own COOKING STOVES, and we guarantee them to be equal to any sold for *baking and cooking.* We have Stoves to take in *loaf bread* and with *large ovens*, and are *superior Stoves* for *baking.* We are getting out some new patterns of Cooking Stoves, that will burn *Bituminous coal, hard coal, or wood.* They will have a beautiful finish, and will stand under the No. 1 Cook Stoves. Our Cooking Stoves are Baltimore made, and we guarantee the *pieces.* Our Cooking Ranges are pronounced the best and cheapest in the market—Baking of all kinds can be done in our Ranges as quickly and equally as well as in a Brick oven. We will manufacture S. B. SEXTON'S new patent Hot-Air Furnaces, warranted to burn from 30 to 70 hours with one filling.

Thankful to our friends and the public for their past favors, we solicit a continuance of their patronage.

SAMUEL GRIESSON, Esq.,
DEAR SIR,—In your paper of the 8th instant, where you were pleased to draw attention to the business of the National Life Insurance Company of the United States of America, the figures got into wrong positions in stating the number of policies at 4,179, the correct numerals were there, but they should have been placed so as to read 4,791, that being the number of policies issued by the Company previous to May 1st. At this date (May 14) the number issued is 5,025, insuring $14,194,500.

Thanking you for your uniform courtesy, and for the candid manner in which you have written of the National, I remain, yours respectfully,
J. U. ORVIS, Manager.

NOTICE.—
We hereby notify the public that, from and after this date, we employ no agents for the sale of
Gregory's Dyspeptic Mixture,
Neither are there any interested parties with us. We are the inventors, sole proprietors, and only manufacturers of the GENUINE ARTICLE, and our individual signatures accompany each bottle—and all orders and remittances must be made to Drs. W. W. & R. K. GREGORY, at Charlotte, N. C.

In assuming the entire charge of this invaluable remedy, we present it to you in a new dress, and have reduced the price to $1 50 per bottle, to bring it within the reach of all. In the pamphlet which accompanies each bottle will be seen the certificates of the most distinguished physicians, judges and divines in the State, and we only ask for it a trial, that dyspeptics may be convinced of its curative virtues.

A liberal discount to the trade.

CAUTION!
We desire to warn the dealers in, and consumers of snuff generally, that since the war, certain tobacco manufacturers, being unable to find a market for their snuffs, have themselves continued to counterfeit the genuine appearance of our packages, and imitate our Trade Marks, so that a close inspection is necessary to detect the spurious article from the genuine, and others going so far as to assert that Lorillard's Snuff is no longer made.

In making this publication we desire to warn the public against the impositions practiced upon them; as they are the losers thereby. It will be found upon comparison that Lorillard's Snuff is "unequaled" of all others, being made of the best stock, after an original and secret process known only to ourselves, besides possessing great age, strength and pungency, and is warranted not to contain any dangerous or deleterious substances, which cannot be said of the many worthless articles put on sale by others. The best is the cheapest in the end. A circular will always be mailed on application. In ordering please specify if Sale Scented (High Toast), or Fresh Stock (Entire Scotch) is desired.
